

Everybody Wins

How it works:

Heartwood House collects donations of computer equipment from the community, and RD Long compensates Heartwood for their efforts. Items are inspected for usability, returned to service whenever possible or recycled in an environmentally friendly manner.

The compensation to Heartwood is used in support of the vital work of our community of sixteen charitable organizations. The Ottawa community wins by ensuring that these items - some of which are harmful to the environment - do not end up in the landfill.

Become a Fan of Everybody Wins on Facebook! How you can participate:

You can drop off your computer equipment and other electronic items that are part of the Ontario Government's Phase #1 Electronic Stewardship Program to Heartwood House at 153 Chapel Street. Please see our Accepted Items section for more information about item eligibility and fees. Item pickup is available: please contact us for more information.
